L MEETING
AT MACHIAS**

The meeting of the County Council of Religion was held in the church at Machias on Tuesday, May 26th and was a most successful one. A new pastor of this church, Rev. John Singleton, active in Sunday Religious Education affairs, gave the members a welcome to his church session. The speakers for the noon were Dr. Chas. Portland, Miss Louise Calais, Capt. James F. Portland and Mr. Sen. Normal School, whose wife is Principal Kim-

ber of the Ladies Aid of the Church served a Fellowship supper attended by 150 young people from different towns in the County. F. N. Beckalais, Superintendent of People's work for the Thomas Sinclair of Machias, returned from a large part of this part of the County. A grand good time was had by the young people during the evening and immediately following contests.

At 7 o'clock 30 delegates from East Machias attended the Conference of Mrs. Julia Sanborn of Machias. This was a most interesting service. Guy Sinclair brother of the Rev. Mr. Sinclair

The many friends of Helen and Roland Joloffa are enjoying cards of places they are visiting on their return automobile trip to California. A recent one from "Bright Angel," Arizona, while spending time to see and to learn more about the Grand Canyon. It was a pleasure that they came home for a visit of two months but that was far too short a time even though the recollection of their stay left much happiness.

Memorial Day was well remembered at both cemeteries. A group of people met in each place and spoke of the excellent care that had been given and the fine array of floral tributes. The impressive massing of colors as members of the American Legion and Veterans of Foreign Wars, as well as Boy Scouts, marched in, followed by the regular service with salute and taps, is gratefully appreciated by all present. The present and the future generations will not forget as long as the flags of the Nation float from each green tent. A beautiful tribute.

Rev. Burleigh Matthews, Mrs. Matthews and her sister, Miss Carroll, were in Boston for a few days, returning on Thursday. They are very charming persons, formerly of Washington, Pennsylvania, a college town of 35,000 inhabitants, near Pittsburgh.

Rev. and Mrs. Matthews with two delegates, Mary Goodwin and Helen Warren, attended the Conference of Religious Education at Machias last week. Mary gave her report Sunday morning in a most interesting and pleasing way. A good

Naming 350 persons, including Ralph J. Capone, for violation of the liquor laws, the May federal grand jury at Chicago, Thursday, established a record in the district for the greatest number of indict- ments at a single session in the his- tory of the prohibition laws. Capone, younger brother of "Scar- face Al", late of Chicago, but now shadowboxing with the authorities in Miami, Fla., was named in two true bills in connection with re- cent raids on the Cotton club and the Monmarte club, both in sub- urban Cicero and alleged to be own- ed by Capone. The majority of the indictments returned, including Capone's, came under the Jones law, which provides a maximum sentence of five years imprisonment and a fine of \$10,000.

(Ruth Henderson in Portland Sunday Telegram.)

If any woman can be truly regarded as a typical daughter of Maine, who has gone far in her chosen field of endeavor, those who know her, admire her enterprise, her gifts and her splendid achievements, concede such an honor to Louise C. Gerry, born in the little town of Robbinston, Washington County, a town that was settled by her grandfather, Seth Gerry, and Governor Robbins of Maine.

For the past 20 years Miss Gerry has been associated with one of the largest manufacturing industries in the Country and today, as director of personnel and employment of women of the Larkin Co. of Buffalo, N. Y., she is in charge of 2,000 women.

Being director of women's personnel means that all women's interests at that big plant come under her jurisdiction. The girl is interviewed for employment, given tests, either psychological or technical, before she goes on her job and given a health examination before going to work. Employees are followed up periodically to determine their progress and value. The Women's Council is part of the personnel department and this organization is operated by the girls and paid executives conduct the recreational and athletic activities.

Miss Gerry is a descendant of Elbridge Gerry, early governor of Massachusetts and a signer of the Declaration of Independence. Her father, Elbridge J. Gerry, was a deacon of the Congregational Church, a town official and well known on the Maine coast as a shipbuilder. Her early life and her inherited vigor has stood her in good stead.

At the close of a long day in the office, when every problem is a new and a varied one, she resorts to housework and she takes her vacation in the Spring because that is planting time on the Gerry homestead, where two sisters, Miss Edith and Miss Nellie Gerry, maintain a splendid up-to-date farm. A day's work on the farm is a form of diversion that adds to the sparkle in her eye and the clarity of her mind in the many questions which arise.

Miss Gerry is tall, has beautiful white hair and has a kindly, understanding smile and a wholesome manner. Her early schooling was in the Robbinston schools, far from the hum of machinery that was in after years to form her work-a-day background. She was graduated from a Boston high school and then went to New York City for university training.

Her first position was that of secretary to Prof. Henry Marion Howe, Columbia University. Julia Ward

background. She was graduated from a Boston high school and then went to New York City for university training.

Her first position was that of secretary to Prof. Henry Marion Howe, Columbia University. Julia Ward Howe, author of The Battle Hymn of the Republic was his mother, and Miss Gerry remembers well Mrs. Howe's visits and meeting her. The little white curls that Mrs. Howe wore, were seen beneath a dainty cap like the Colonial dames style.

When he was in New York City, Miss Gerry often visited factories. The great buildings, the incessant noise of the machinery, the manufacturing, the countless women workers, aroused her interest, held her and gave her much food for thought. The problems of the women workers early held her attention.

Women in industry captured her attention and with the desire of attacking the problems, she went to Buffalo, 20 years ago to accept a position with the Larkin Co. She began with social work in connection with the Y. W. C. A., but soon realized that one must work not for people, but with them to understand their point of view and to be of help to them in the years to come.

Thus she became an integral part of the great plant, advancing steadily until she was made director of personnel and employment of girls five years ago.

Miss Gerry's attitude toward women in industry goes beyond the merely scientific. It has a very human element as well. She is always in personal touch with the girls with whom she is working.

The criticism of the girl of today is resented upon the part of Miss Gerry.

As to the girl of today, she declares, "I know her and find her just as fine as the girl of 20 years ago. I admire her unflinching frankness, and I have no prudish notions or misgivings about her costume. I uphold her in her demand for freedom from the traditions by which woman has been bound; and I am looking forward to the time when her rights and opportunities will equal those of men."

Miss Gerry organized the Larkin girls' basketball team which was long undefeated. The Girls' Drum Corps which is well known to radio fans, also was originated by her. She accompanies the drum corps on all its trips to cities of this country and Canada and the jolly bus rides are enjoyed as much by her as any of them. She was also organizer of the Company's girls' orchestra.

Zonta club activities take much of Miss Gerry's leisure time. In 1925 she was president of the Buffalo Chapter of Zonta and for two years, 1926-7 she was president of the International Zonta Confederation.

Although Buffalo is Miss Gerry's adopted home, every now and then she longs for the smell of the salt air of her childhood home and she slips back to the Gerry home, the farm, where there is always a hearty welcome awaiting her. There are leisurely fishing trips in the old dory and there are jaunts into the woods and fields. Then she returns to work with renewed interest.

Class Motto—All should take courage; it is never too late to learn.

In the furnace which heats the Monument Square plant of Loring, Short and Harmon, Stationers, Portland, County Attorney Ralph M. Ingalls and Inspector Richard J. Nugent Sunday morning found a little pile of blackened bones, all that remained of the body of Lillian J. MacDonald, pretty stenographer, who disappeared just 24 hours previously with the firm's \$800 payroll. Charged with the murder of the 20-year-old girl, James M. Mitchell, 21, a shipping clerk at the stationery store for five months, early Sunday evening confessed that he struck the girl over the head twice with a furnace shaker, thrust her lifeless body into the fire box, piled paper around the corpse, and cremated the girl, County Attorney Ingalls declared. The alleged confession was obtained just 32 hours following commission of the crime and within a few minutes Mitchell collapsed, according to the police. A guard was placed in his cell at Police Headquarters to prevent any attempt at suicide. Asked for the motive, County Attorney Ingalls said, "probably criminal assault." Discovery of five pay envelopes that had not been opened, tucked into the ashpit beneath the fire-box where the girl's skeleton was found, convinced the investigators that robbery was not the murderer's intent. What became of the rest of the money was not known but the County Attorney is of the opinion that the murderer threw them into the fire-box and that they burned with the body of the victim. Search of Mitchell's person and his room and his belongings failed to disclose any trace of the money.

and employment problems have been contributed by Miss Gerry to technical magazines. She enjoys reading English and American history and the biographies of leaders and pioneers. When she was president of the International Zonta Confederation, she visited 46 of the states in the Union and traveled extensively in Canada. Golf and motoring are among her pastimes.

The car was driven by Leo Martel, a member of the oil tanker "Rockland Socony." Mr. and Mrs. Brooks were walking along the road, Mr. Brooks on the gravel and Mrs. Brooks on the tarvia, when she was hit. She was thrown against a fence at the side of the road and rendered unconscious. She was taken to Chipman Hospital but did not regain consciousness and passed away Thursday. She leaves a husband and three small children. Martel was before Judge Downes Monday afternoon on a manslaughter charge and was held in bonds of \$3000 for his appearance at the October term of the Supreme Court.

After each of the heaviest snow
falls of the late winter men and
boys along the Ridge road have put
four or six horses on the road
machine and kept the road open for
automobile traffic to Mill Cove,
where it meets the Atlantic highway,
which is cleared by a snowplow
from Calais. These men showed
good public spirit and receive the
appreciation of neighbors to whom
this is a great boon. Mr. Parker
Johnson, an active member of the
Grange, seemed to head the move-
ment. Also through the church-
yard, to and through Brewer ceme-
tery Mr. Howard Fisher twice dur-
ing the winter worked with a volun-
teer crew of men in that part of
the town to clear the drifts of snow
away, making the roads level. The
day of the burial of Gordon Brooks
demanded continuous shoveling in
the greatest blizzard of the season.

Mr. Brooks was a son of the late
Mr. and Mrs. Joshua Brooks, the
first of their large family of children
to pass away. Only six months ago
his wife was struck by an automo-
bile and lived only a few days. Mr.
and Mrs. Brooks were good citizens
and active members in the Grange.
They left three children—a boy of
15 years, two girls, 12 and 6 years
of age. For the children, the broth-
ers and two sisters of Mr. Brooks,
and for the relatives of Mrs. Brooks
great sympathy is felt. The last
services were conducted by Rev.
Percy Cotton of Calais and Rev. B.
Matthews of the parish. Chauncey
Brooks and Emerson Brooks were
here to attend the funeral; also
Mrs. Brooks' brother, Mr. Neilson,
and sisters, Mrs. Golding and Mrs.
Hopper. The children returned
with them to Rhode Island. Mr.
and Mrs. Price Leavitt remained
with the family until all was over.
The house is now closed.

Easter Sunday service at the
Congregational Church was well at-
tended. It was cheering to see so
many present. The trailing vines
and flowers were most attractively
arranged. Among them a beautiful
lily given by T. B. MacDonald in
memory of his mother, who for
many years was a member of this
church. After the evening service
the lily was sent to Mrs. Black-
wood, a shut-in member of the
church. The Easter offering was
\$16.75. The children gave of their
best in their part of the service and
brought smiles and happiness to all.

Mrs. Andrews, Mrs. Clarence Good-
win and Mrs. Brown, with the assist-
ance of Mrs. Matthews trained the
children who responded beautiful-
ly. They are precious flowers of
humanity. The Easter letter chil-
dren were Lois Cawley, Betty Brown,
Harold Brown, Philip Brown, Carl
Goodwin and Joyce Theriault. The
finest tots to recite were Donald
Goodwin, Barbara Brown, Philip

Clark. The girls of the grammar
grade were lovely and a joy to all
for their fine interest and help—as
well as for the splendid way in
which they sang and recited. They

Mr. J. C. McCabe, veteran salesman for nursery stock, is making his annual visit in town. He will go to Eastport from here and will continue to take orders for several weeks. He may be found at the Stilwell House.

The Ladies' Aid Society of the Congregational Church announces a chicken supper to be served in the church vestry at six o'clock Thursday evening, November 1st.

Mr. George Merrifield has had a carbide lighting system installed in his house.

On Thursday evening, the 25th, a committee meeting was held to decide about the purchase of chairs for the new Town Hall. Fifty seats have been ordered, good, comfortable, substantial double-chairs. Regardless of debt incurred in building the hall it is worthy great interest and civic pride. Entertainments for the benefit of the hall should continue and occur often. The young people and assistants who presented so admirably the play, "Daddy," donated the money for the chairs, and more equipment is needed.

Mr. and Mrs. James Lamb and Mrs. Hunt are leaving for Winchester, Mass., where they will reside through the winter months with Mr. Kenneth Young and Mrs. Young, nee Marion Hunt. On Sunday they entertained a family party consisting of Mr. and Mrs. Henry MacAllister, Mr. and Mrs. Horace Trimble and daughters and Mr. George Lamb and Miss Annie Lamb.

Mrs. Harvell, after spending the summer and early fall at the home-stead with her daughter, Mrs. Leonora Harvell Brown, will soon return to Boston to remain as usual with her daughter, Miss Julia, who is a teacher in one of the Boston schools.

Mr. and Mrs. William Blackwood also will return to Massachusetts. They will spend the winter with their daughter, Mrs. Whitney. Their son, Stuart, is in Fitchburg also. During their absence Mrs. Blackwood's son, Foster G. Cawley, Mrs. Cawley and little daughter will occupy the home.

Mrs. Gertrude Goodwin, widow of the late John Goodwin, will spend the winter with relatives. Her daughter, Elinor, has a position in Providence, Rhode Island, and is staying with a sister of her father.

MRS. ELLA M. HAYCOCK

On Thursday last at about 5.30 o'clock, after a day of her ordinary activities, Mrs. Ella M. Haycock very peacefully passed away at her home in this city.

She was born in Bucksport, Me., December 26, 1841, daughter of Benjamin and Rhoda Stevens Young, who moved to Calais when she was a child.

As a girl she attended school in St. Johnsbury, Vermont, and when eighteen years of age she enjoyed a trip to the Mediterranean, by sailing vessel, which was ever after a pleasant memory.

On December 26th, 1865, she was united in marriage to Willis M. Haycock of this city, who passed on in 1883, leaving a family of six boys, all now living except Don and Ralph.

Active in all matters for good and spiritual life in the community, she followed her father's belief in the Universalist faith until she became interested in Christian Science, which she followed the last thirty-seven years of her life, being First Reader in the church for many years.

At the beginning of the World War she was actively identified with the Calais chapter of Red Cross in the knitting and sewing department. Her keynote was service, and hers were the daily little deeds of kindness to neighbors and friends, with charity toward all. Her gentle manner and cheerful disposition endeared her to a large circle of friends by whom she will be greatly missed.

During the past summer she was made very happy by the reunion of her four sons at her home here. She is survived by her two sisters, Mrs. Geo. A. Curran and Mrs. Martha B. Pike of this city, four sons, Frank of Calloway, Nebraska; Allan of Bangor, who since 1915, made his home with his mother, for a number of years, ministering to her wants, with loving devotion; Charles of Eastport and Winthrop of Bridgeport, Conn., fifteen grandchildren and one great grandchild.

Services were held Sunday afternoon at her late home on Winter Street, Mr. Charles G. Prescott, First Reader of First Church of Christ, Scientist, Calais, officiating. The services were simple and impressive, and a profusion of beautiful flowers were a silent tribute of loving friends.

The bearers were her sons, Allan, Charles and Winthrop, her grandson, Stephen Haycock, a nephew, Ben Y. Curran, and Roscoe Haycock. Interment was in the family lot, Calais cemetery.

John L. Woodcock, Jr., of
Chicago, now in San Antonio, Tex-
as, with Mrs. Woodcock, who is
steadily improving in health, was
pleased to find his cousin, Chester
Haycock, stationed there. Also
Mrs. Helen Rounds Mitchell and Mr.
Mitchell, formerly of Calais.

On Monday a meeting of the Red
Cross was held at the home of Mrs.
Vose. The membership list of last
year is as follows: Mrs. E. Mahar,
Mrs. F. G. Cawley, Mrs. E. M.
Ingersoll, Mrs. Ross Lawler, Miss
Lillian Diffin, Mrs. Bertha Campbell,
Miss Ellen Byrne, Amos Ayer, Eliz-
abeth Blackwood, Annie Lamb,
Edith J. Gerry, Nellie Merrifield,
Mrs. Grace Gerry, Mrs. A. L. John-
son, Mrs. Fred J. Diffin, Mrs. Hugh
Murphy, Miss Emeda Sage, Mrs.
Robert Morrison, Mrs. George Tur-
ner, Mrs. T. B. MacDonald, Mr. T.
B. MacDonald, Mrs. W. A. Sharman,
Laura Somers, Mrs. S. E. Cox, Mrs.
C. M. Armstrong, Helen G. Cleland,
Mrs. Ernest Brown. The roll call
for this year will begin very soon.
Annual membership, \$1.00. Mrs.
Charles Armstrong is still acting
treasurer and secretary for the
Robbinston branch. All dues re-
ceived will be passed to her by the
solicitors. After retaining the fifty
cents for local purposes she will
forward the remainder to N. C.
Bates, secretary of Eastern Wash-
ington County Chapter, Calais, who
in turn will send it to Washington
for national purposes. The Rob-
binston accounts were audited on
September 13, 1920, showing a bal-
ance on hand of \$118.65. The
membership of November 1919, was
one hundred and eight; for 1920,
eighteen; for 1921, eleven; for
1922, twenty-seven. From these
roll calls the sum of \$82 was added
to the above fund making the total
amount on hand October 22, 1923,
\$190.65. Such funds may properly
be used for sick or disabled ex-
service men, for relief of distress
through disaster, such as fire or
flood, to a community or to a single
person, for expenses where a dis-
trict nurse is employed, for first aid
classes or clinics, etc. It is worth
while to be a member of this far-
reaching, wonderful organization.

THE FIRST CONGREGATIONAL CHURCH

Charles and William, son,
son, Stephen Haycock, a nephew,
Ben Y. Curran, and Roscoe Haycock.
Interment was in the family lot,
Calais cemetery.

Excavators representing Smith-
sonian Institution have uncov-
ered two skeletons at Burton Mound,
Santa Barbara, California, which
carry the human records far back
beyond the dawn of history on this
continent, in the opinion of J. P.
Harrington, who has charge of the
excavation. The skeletons were
found about four feet below the
ancient ground surface. The bones
of the body were all but disintegrat-
ed, but the skulls were well pre-
served. These show a type of man
almost of the gorilla order. The
faces are long and the jaw and
skull bones massive. The ridges
over the brow are projecting and
the forehead slants backward.
Beside the first skeleton taken out
was a beautiful black obsidian
spearhead four and one-half inches
long. The experts say the bones
are those of a race long antedating
the native tribes in this vicinity
when the Spaniards came. They
were lying on a hard pan formation
and the soil layers above them show-
ed no signs of disturbance.

THE LAWMAKING MANIA

Uncle Sam is afflicted with the
lawmaking disease. His case is
the worst in the history of the
world.

The output is so large the law
libraries cannot house it, the law-
yers cannot digest or assimilate it.

It is said to be a fact that the
48 state legislatures enact more
laws than are even proposed by five
great nations.

The ratio before the war was
fifty new laws in our country to one
by any great nation of Europe.

It takes 650 large volumes to
hold in printed form the Supreme
Court opinions on questions of con-
stitutionality.

The law library of Columbia Uni-
versity contains 100,000 volume
and increases at the rate of 800
a year.

Why not stop manufacturing
many laws, try enforcing some of
them and repeal some of the others?

A smaller legislative output would
be an evidence of political sanity.

Miss Gertrude L. Cox of Robbins-

Gardiner were injured when their
car left the roadway at Mill Cove
hill, South Robbinston, Sunday
morning. Mrs. Woodbury was re-
turning to her home in Gardiner
when the accident occurred, and
while driving in the rain attempted
to adjust the windshield wiper and
evidently took her eyes off the road
long enough for the car to reach a
point where it was impossible for
her to control it. The accident was
seen by an approaching motorist
who rushed to their assistance and
extricated them from the machine.
They were given first aid and Dr.
Norman Cobb treated them and
car left the roadway at Mill Cove
found only minor injuries.

Mr. and Mrs. E. M. Douglass, after
a pleasant vacation, have returned
to their home in Massachusetts.

A son of Vinal Brown and Han-

He was interested to travel the

ing which will be taken up later, in-
cludes Mrs. Andrews, Miss Lamb and
Mrs. Mae Brown. Members and new

members will be invited to assist.
The funds of this branch were on
interest with the International Trust

on hand has dwindled to three dol-
lars. It is important that all towns

people who possibly can make an ef-
fort to be ready for the Roll call be-
ginning on Armistice Day. Solicit-
ors will call and will be grateful for
your dollar or for less. Please make

it a point to be ready to assist those
who have carried on for fifteen
years. All accounts have been kept
and annually a statement has been
given through the newspapers. In
December or earlier there will be an
election of new officers. There will

be notice of another meeting soon.
With the departure of many rela-

A dreadful accident occurred at Robbinston Ridge Saturday afternoon. Two sons of Mr. and Mrs. Frank Johnson, Kenneth, aged 22, and F. Robert, 13, became separated while hunting, and the elder boy seeing something moving in the bushes which he took to be a bear, fired and shot his young brother in the right side, practically severing the arm from the body, the bullet entering the lung and lodging near the backbone. On finding what he had done Kenneth removed the laces from his rubbers and made a tourniquet of them, carried the wounded boy on his back a mile, conveying him to a place to which he could drive a car, and brought him to Calais Hospital, where his arm was amputated and where he remains in a critical condition.

Many friends here will learn with sadness of the death of William Maguire of 122 Oak Street, Lewiston, after an operation at St. Mary Hospital. Mr. Maguire was the son of the late Daniel and Elizabeth Maguire, and was born in Calais in 1894, going to Lewis-

ROBBINSTON

The tragedy of a possible wreck and drowning in the angry waters of the St. Croix River, nearly opposite Brooks Bluff, during the wildest weather of the recent storm, stirred people to the depth of human emotion. After all effort for relief or rescue proved futile, there remained the mystery of the unknown who went down with their small craft.

Walter Mains, Russell Kinney, Leonard Brown, Mildon Cleland, Ernest Cleland, William Rafus are still employed at Quoddy.

Miss Hilda Morrison has been transferred from Eastport to the branch office of U. S. Engineers in Machias as secretary to Mr. Cyrus Ashcroft of the Camp and Land Division.

The engineers who have been occupying the Morrell house, have moved to Eastport.

A Calais snow plow opened the roads after the heaviest snowfall. Mr. Harry Brooks and Raymond Johnson have been sanding the roads.

Mr. William Johnson of the road patrol employs Mathias Diffin as help, and was recently assisted by Charles Rafus in building up a wash-out.

At Chipman Hospital Merton Brooks is recovering from an abdominal operation. And at the same hospital Naomi Ingersoll, who was operated upon for mastoid, will return home within a few days.

Word has been received of the death of Mrs. Hannah Apt, widow of Mr. Judson Allen, aged 69 years. Mrs. Allen had been living in Washington with her children. Her birthplace was Robbinston, but she has not lived here for many years.

Mrs. Edward Spearin and two children have moved to Calais for the winter.

Miss Laura Somers of Eastport was in town for a day recently.

Mr. and Mrs. Albert Kelley have returned from their trip South.

Politeness was costly for Milford Schmidt of Marion, O. He broke his arm at the elbow as he lifted his wife's chair back from the dinner table.

We love thee, dear Robbinston set by the sea,
And follow with interest thy long history:

Thy founding and settling were done by strong men,

We're gladly recounting thy story again.

This spot on the St. Croix, a prospect so fair;

De Monts and Champlain must have visioned it there.

Then Governor Robbin next purchased the place

And made it to prosper with God's help and grace.

He sent men with families here to abide;

Who builded their homes on the river's west side.

And then came the ship yards—white sails on the sea,
Which later became a great industry.

So fair were thy hillsides, thy fields and thy streams,

Our founder beheld the fulfillment of dreams.

And then as we follow the fleeting years down,

We find on the river a prosperous town.

But then came the wars and prosperity fled

And left them to laurel the graves of their dead.

With courage undaunted they turned to the plow

And tilled their broad acres, from then until now.

And we, their descendants, will always prove true,

According them honor where honor is due,

And therefore we love thee, O Robbinston dear,

A love that grows deeper with each passing year.

100th Anniversary, Robbinston
Ridge Methodist Church

Observance of the 100th anni-
versary of the building of the Rob-
binston Ridge Methodist Church
was completed Sunday of this week
after services were held nightly the
previous week. More than 80 per-
sons attended at one of these ser-
vices.

The town of Robbinston was set-
tled in 1786 by two brothers, E. H.
and N. F. Robbins who came to this
section from Milton, Mass., and rec-
ords indicate that there were 13
families in the town four years la-
ter. Men completed building the
first road through the town in 1809,
this after the first road was started
in Eastport in 1799, and completed
as far as Machias seven years later.

A Methodist Church was organiz-
ed in 1811, and on February 1st of
that year, Robbinston was incorp-
orated as a town. Meetings were
held at both Liberty Point and in
the village until the building of the
church in 1839. The structure was
remodeled in 1863. During the
past century the Gospel has been
preached in the church with surpris-
ing regularity, and following is a
list of pastors who have occupied
the pulpit. Many older folks of the
community will recall names of
pastors of long ago and incidents
relating to their ministry:

William Brown, 1839; Rufus Ea-
ton, 1844; Richard Walker, 1846;
Daniel Staples, 1848; William J.
Wilson, 1851; Otis E. Jenkins,
1853; Kendrick Meservey, 1854;
Clarkson J. Roberts, 1855; Thomas
Cookson, 1856; D. B. Stinchfield,
1858; Rev. Calier, 1860; Frank P.
Colwell, 1862; Loren L. Hanscom,
1863; Selvenius Hanscom, 1866;
Benjamin C. Blackwood, 1867; C. B.
Fletcher, part of the year 1876;
Rev. Lord, part of the year 1871;
Rev. Lenfist, 1872; Walter Farr,
1873; Rev. Lenfist, 1874; Shuball

weeks in 1902; J. L. Pinkerton,
1903; Harry Lee, 1904; B. F. Gott,
1906; A. E. Babb, 1909; C. C.
Whidden, 1910; Following Rev.
Whidden's ministry, Rev. McOlive,
an Eastport pastor, held meetings
in Odd Fellows' hall in the village,
for an undetermined length of
time; Richard H. Moyle, 1921;
Elijah Mercer, 1923. About this
time, Robbinston was made a part
of the Pembroke circuit, with the
following pastors: J. B. Coy, 1926;
